

Understanding the Medicare Cost Report

Purpose: This tool is intended to help hospitals understand the key areas of the Medicare cost report (MCR) that HRSA reviews when determining hospital eligibility for the 340B Program as well as how to prepare a trial balance crosswalk for child sites.

Background: HRSA uses a hospital's Medicare cost report to validate parent hospital (covered entity) and off-site outpatient facility (child site) 340B Program eligibility during 340B Program registration, reinstatements, recertification, and program audits. This tool outlines areas of the MCR that are used to verify a hospital's:

- CMS provider information
- Eligibility as a 340B covered entity
- Off-site outpatient facility eligibility for child site registration
- Entity-owned pharmacy eligibility as a shipping address

Trial Balance	Detailed charges and expenses for clinics, services, and facilities	HRSA's 340B Program Hospital Registration Instructions state that "if the costs and charges from more than one clinic, service or facility are rolled up to a single cost center, you will need the specific costs and charges from the working trial balance " for registration. See Appendix A for an example of a trial balance, Appendix B for an example of how to register multiple departments that role up to a single line on the cost report as separate child sites, and Appendix C for an example of a trial balance crosswalk for audit preparedness.

The images in Appendix A provide additional details about what HRSA looks for when reviewing a hospital's Medicare cost report. Appendix B provides an example of how to use the hospital's Medicare cost report to identify the necessary values to input into 340B OPAIS during a child site registration. Appendix C provides an example of a trial balance crosswalk to maintain for demonstrating child site eligibility and preparing for a HRSA audit.

WORKSHEET S, PARTS I, II & III

Date: _____ Time: _____

This is the "official" cost report filing date and time and governs when a hospital and off-site outpatient facilities can be registered or will be terminated. This date should match the date of the electronically encrypted stamp.

MISREPRESENTATION OR FALSIFICATION OF ANY INFORMATION CONTAINED IN THIS COST REPORT MAY CONSTITUTE A VIOLATION OF FEDERAL LAWS, REGULATIONS AND CONTRACTS, WHICH MAY RESULT IN ADMINISTRATIVE ACTION, FINE AND/OR IMPRISONMENT UNDER FEDERAL LAW. FURTHERMORE, IF SERVICES IDENTIFIED WERE OTHERWISE ILLEGALLY OBTAINED THROUGH THE PAYMENT DIRECTLY OR INDIRECTLY OF A KICKBACK OR WERE OTHERWISE ILLEGALLY OBTAINED, FINES AND/OR IMPRISONMENT MAY RESULT.

CERTIFICATION BY CHIEF FINANCIAL OFFICER OR ADMINISTRATOR OF PROVIDER(S)

I HEREBY CERTIFY that I have read the above certification statement and that I have examined the accompanying electronically prepared Balance Sheet and Statement of Revenue and Expenses prepared by _____ (Provider Name) beginning _____ and ending _____ and that, to the best of my knowledge and belief, this report and statement are true, correct, complete and prepared from the books and records of the provider in accordance with applicable instructions, except as noted. I further certify that I am familiar with the laws and regulations regarding the provision of health care services, and that the services identified in this cost report were provided in compliance with such laws and regulations.

SIGNATURE OF CHIEF FINANCIAL OFFICER OR ADMINISTRATOR		CHECKBOX	ELECTRONIC SIGNATURE STATEMENT	
1		2		
1			I have read and agree with the above certification statement. I certify that I intend my electronic signature on this certification to be the legally binding equivalent of my original signature.	1
2	Signatory Printed Name			2
3	Signatory Title			3
4	Signature date			4

The hospital's chief financial officer or administrator must use an encrypted signature for worksheet certification (wet signature not sufficient). The encrypted signature date and time must match the date/time prepared on all worksheets.

Note: Certain facility types are identified by the following numbering convention in their provider CCN:

- Childrens (PED): ##-33##
- Critical Access (CAH): ##-13##

The trial balance itemizes individual departments that operate under a single line on the MCR. It is common to have many departments under line 90.00, as this represents the clinics integral to the hospital. To register for the 340B Program, each department must have **expenses** and **outpatient revenue**.

Understanding the Medicare Cost Report

Appendix B: Registration Example – Multiple Departments Rolling Up to a Single Line on the MCR

A covered entity recently opened cardiology, neurology, and gastroenterology clinics within the four walls of the hospital. These clinics newly appear on the most recently filed MCR under line 90.00 (departments HC0326, HC0327, and HC0328 in the example trial balance in Appendix A). The covered entity would like to register these clinics on 340B OPAIS during the next quarterly 340B registration period.

Example: Cardiology Clinic – Hospital Registration

Step 1: Identify the **Net Expenses for Allocation** for line 90.00 from Worksheet A, Column 7, and input into the “Net Expenses (Worksheet A)” field within the “Cost Center Information” box on 340B OPAIS during registration.

Cost Center Information

Hospitals registering outpatient facilities must identify one cost center line that the facility being registered falls under on the organization's most recently filed Medicare cost report. Registrants will enter required figures from Worksheet A, Worksheet C and the trial balance corresponding to the latest filed cost report.

Please select the line that the location/clinic/service being registered is reported under. If the line is not shown, select 'Not Present - Add', and enter the information required.

In the following fields, enter the Net Expenses for Allocation for the entire line (Worksheet A, Column 7) followed by the total outpatient charges for the entire line (Worksheet C, Column 7). Next, enter expenses and outpatient revenue from the trial balance associated with the specific clinic, service or facility being registered.

Understanding the Medicare Cost Report

Repeat steps 1–3 to register the Neurology and Gastroenterology clinics, using same information from Worksheet A, Column 7, line 90.00; Worksheet C, Column 7, line 90.00; and the **department-specific** Total Expenses and Outpatient Revenue from the trial balances. Each department that is registered should have unique values entered into the “Specific Service/Clinic Cost (Trial Balance)” and “Specific Service/Clinic Outpatient Revenue (Trial Balance)” fields in 340B OPAIS during registration.

Understanding the Medicare Cost Report

Appendix C: Trial Balance Crosswalk Example – Required Information for HRSA Audit

A **trial balance crosswalk** for each child site that is participating in the 340B Program will provide requested information from HRSA during an audit to demonstrate child site eligibility and map each child site that is registered in OPAIS with the supporting documentation in the MCR and trial balance. It is important to maintain this crosswalk document for compliance of every child site by being able to map the trial balance and the Medicare cost report for continued eligibility.

Details to include are:

- 340B ID
- Child site name as identified or registered in OPAIS
- Address of child site
- MCR line and cost center description (as listed on MCR Worksheets A and C)
- Trial balance name and department code/account
- Location code or shorthand used to identify the site in the electronic health record (EHR)
- Whether 340B drugs are utilized during encounters at each site
