Earn your Statement of Completion in less than two hours. It only takes 10 – 15 minutes to complete a module.

340B University OnDemand™ for Distributors

Module Title	Description
Introduction to the 340B Drug Pricing Program	Provides a foundational overview of the 340B Program and serves as a primer for the rest of the modules in this curriculum.
340B & the Distributor	Outlines compliance and operational best practices for distributors, including the role in processing chargebacks.
Compliance Cornerstones	Provides an overview of the compliance cornerstones of the 340B Program, including diversion/patient definition, duplicate discounts, GPO Prohibition, and orphan drug exclusion.
GPO Prohibition	Defines the GPO Prohibition, which entities are subject to its requirements, and when an entity may use a GPO in a compliant manner.
Mixed-Use Areas	Discusses 340B inventory models in mixed-use areas of a hospital and the role of split-billing software and multiple purchasing account types.
Contract Pharmacy	Discusses the decision points of entering into contract pharmacy arrangements, as well as the process and best practices of these arrangements.
